Subject: COS Termination Effective Tues, 4/10/12 - RE: Afraaz Irani, MD

Change of Status Irani.Term4.10.12.doc (76Kb)

Good morning!

Please note that GMEC (Graduate Medical Education Committee) met late today so I am complete COS after the 4:00 mtg adjourned.

Dr. Irani was terminated this date and I will be contacting IT to close him out of Hospital systems.

Have a super week!

Margie S. Bodie

Subject: Termination of Afraaz Irani, MD Effective 4/10/12 - See COS Copy Below

Change of Status Irani.Term4.10.12.doc (76Kb)

Hi, Tom:

This decision was determined at 4 pm GMEC mtg today, so you may want to close Dr. Irani out of your IT systems at the VA. I have sent information to our HR to complete termination process as well as to PH IT.

Hope that your week is going well!

Best regards,

Margie S. Bodie

Graduate Medical Education Committee

Executive Session Minutes

April 10, 2012

Confidential

Topic	Discussion	Action / Follow-up / Responsibilities
Executive Session	Dr. Stephens called the executive session to order.	
Compliance Issues		
Resident Issues	<p>Dr. Robert Holleman reported that it is unlikely that [REDACTED] will be ready for individual practice due to deficiencies in his knowledge base and patient care. He also failed his PICU rotation post test. [REDACTED] has asked for an extension of his training. Dr. Holleman recommends a Level II remediation with a 6 month extension of [REDACTED] residency training. [REDACTED] will be required to take the Medical Student Shelf Test and will be scheduled for more one-on-one training with emphasis on ambulatory training. Dr. Stephens asked for a motion for approval. Motion was made, seconded and carried.</p> <p>Dr. Stuck reported that [REDACTED] has completed her remediation satisfactorily and recommends that she be taken off remediation and promoted to PGY2 effective March 1, 2012. Dr. Stephens asked for a motion for approval. A motion was made seconded and carried.</p> <p>Dr. Koon reported that the GMEC Executive Committee has agreed to Dr. Koon's recommendation to place Dr. Afraaz Irani (PGY2) on Level III remediation, suspending him from clinical duties effective March 1, 2012. Dr. Irani has not met the measures of his remediation plan (e.g., has not followed directions of his attending, has inappropriately responded to nursing staff, has not properly documented patient care records, and has missed his assigned rounds due to oversleeping, which put one of his patient's care at risk). The Orthopaedic Surgery Department Faculty recommended to the GMEC that Dr. Irani be dismissed from the residency program effective immediately. Dr. Stephens asked for a motion for approval. A motion was made, seconded and carried.</p>	Progress report at June 12, 2012 GMEC meeting.
Other Business		

Adjournment	There being no further business, a motion was made, seconded, and carried to return to regular session..
